

# Electronic Whiteboard Program for Improving the Efficiency of Treatment Planning Workflow

Hungcheng(Hank) Chen, Lana de Souza Lawrence, Adam Raben, Kelly Andreou, Firas Mourtada  
Helen F. Graham Cancer Center & Research Institute, Christiana Care Health System, Newark, DE

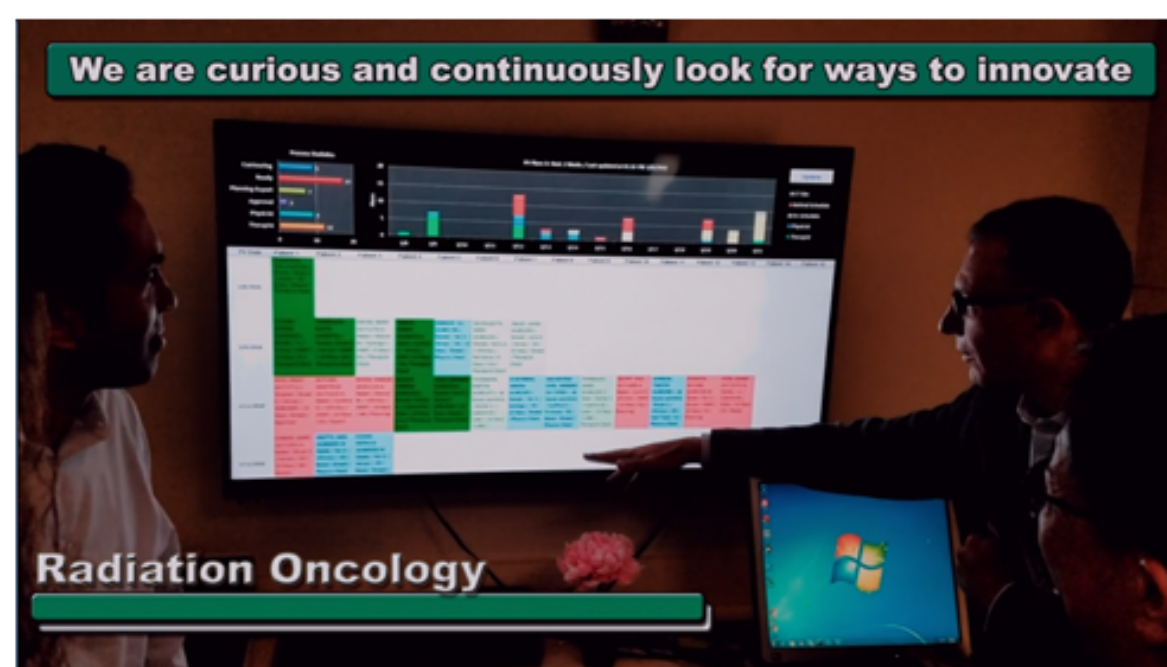

Session Number: WE-J-KDBRA1-3  
Date: Wednesday, 08/01/2018  
Time: 04:30PM - 06:00PM  
Location: Karl Dean Ballroom A1

## Radiation Oncology Whiteboard

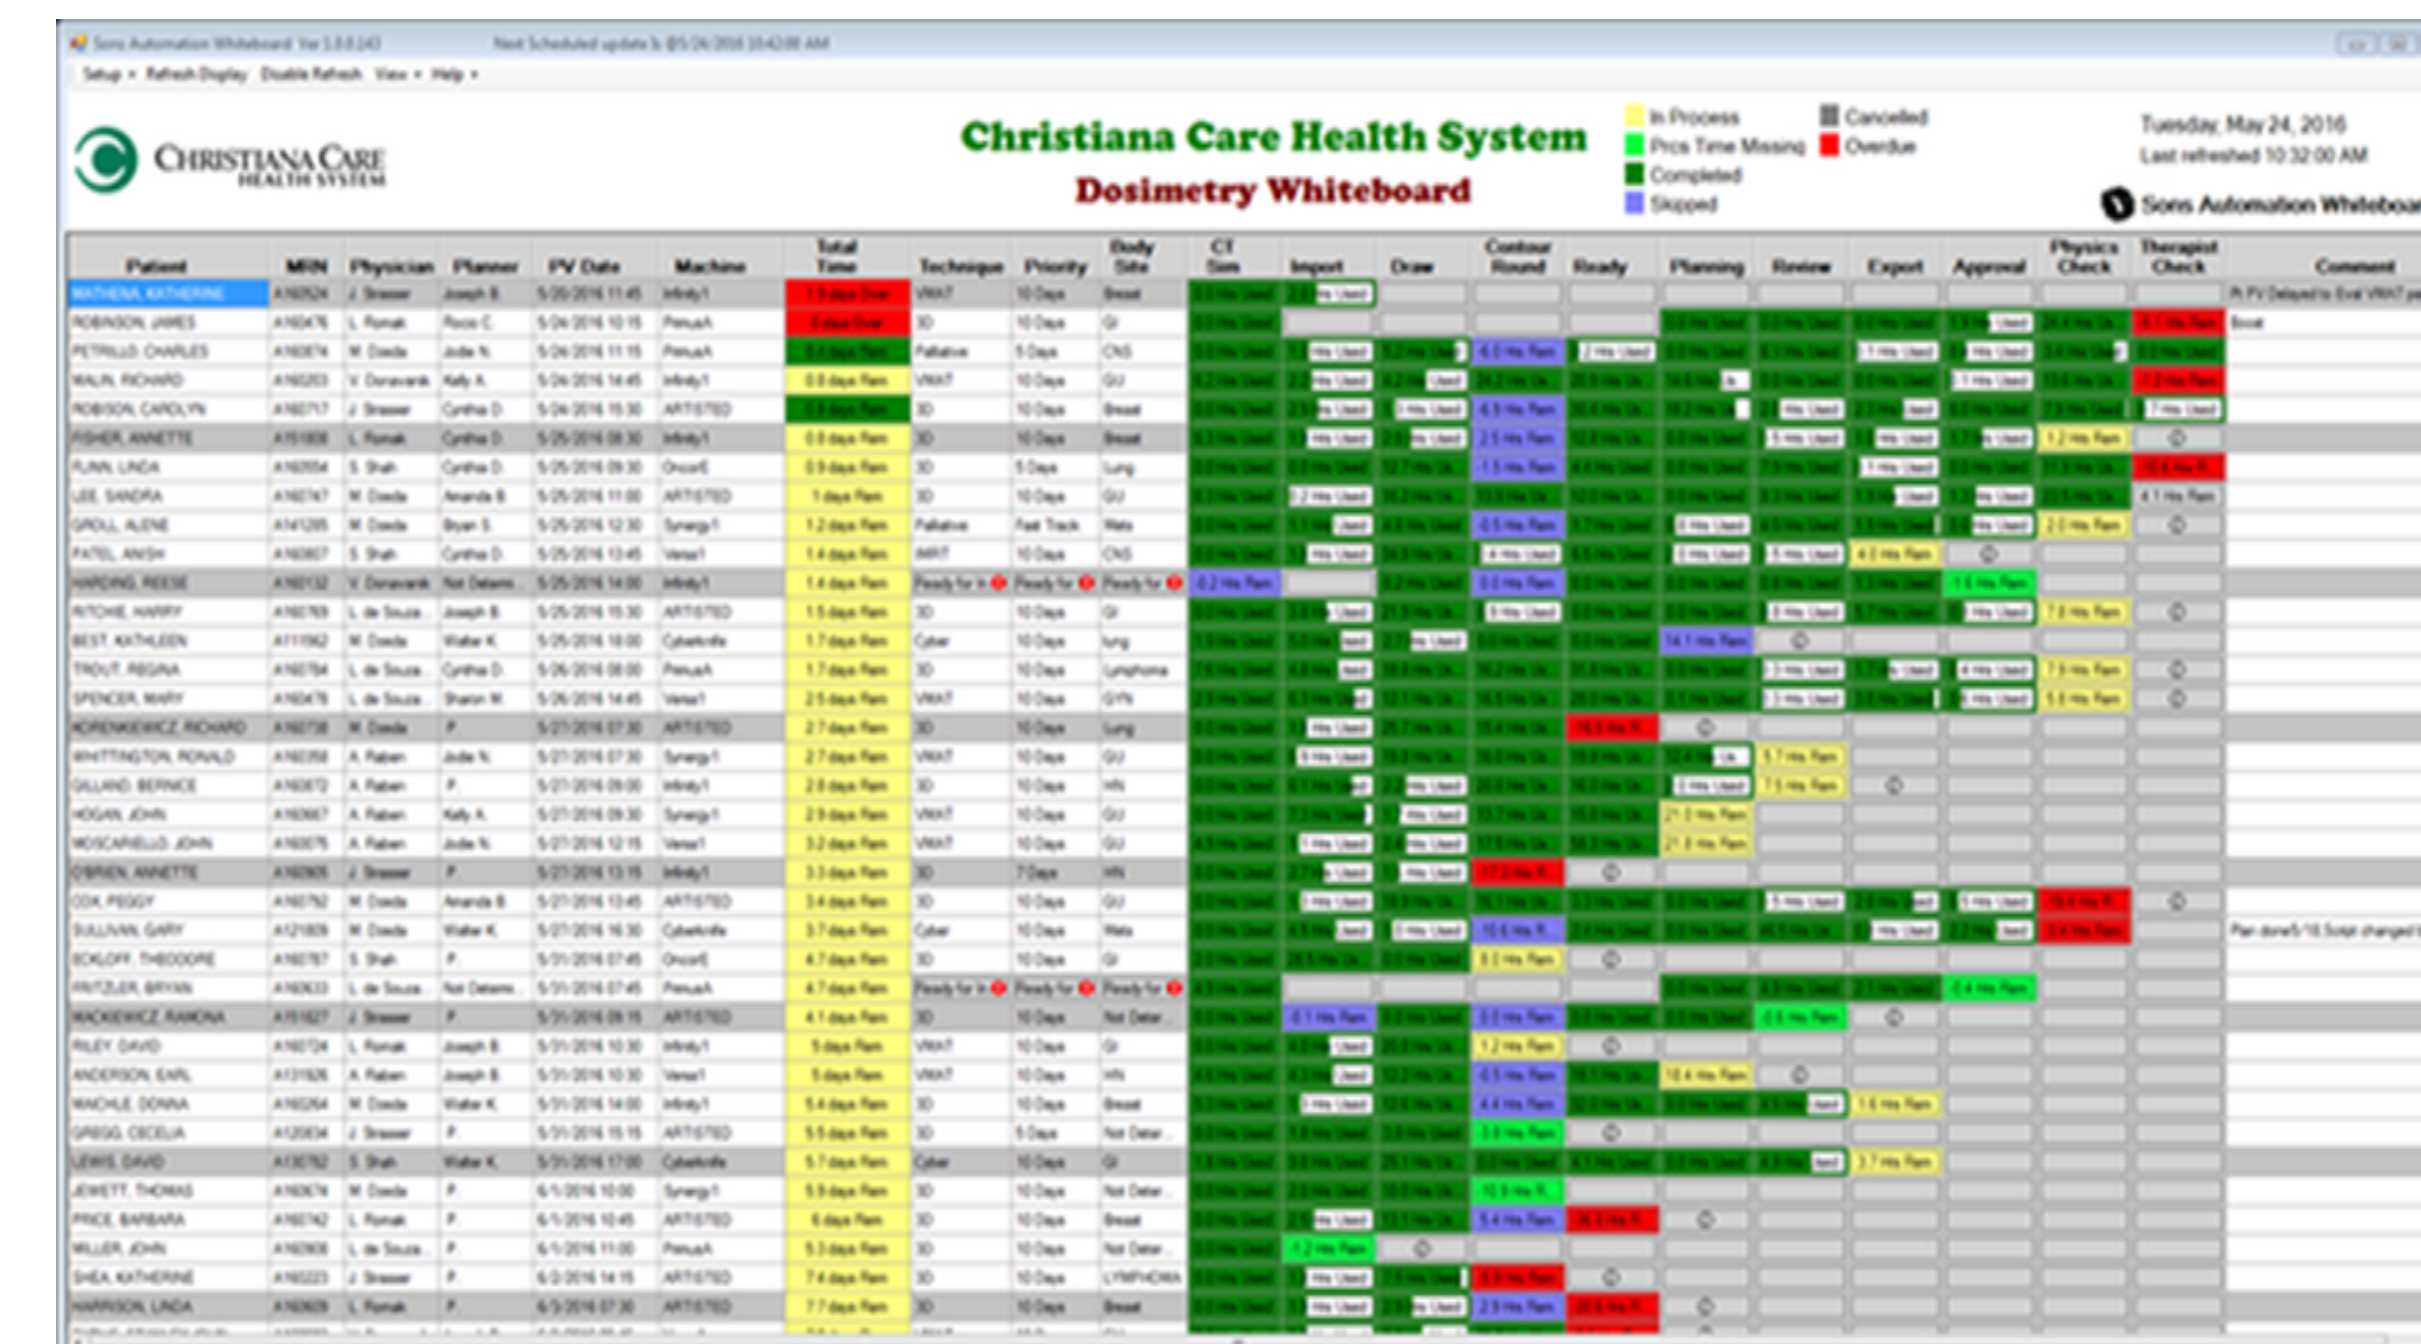

Year 1998

Year 2018

## Five reasons that we need an Electronic Whiteboard:

1. Color-coded patient status at a glance
2. Auto-update by retrieving data from MOSAIQ
3. Timestamp data recorded for every process
4. Statistics data available for workflow improvement
5. Send notifications/text messages

## Potential Benefits

- ✓ Increase planning capacity
  - Higher efficiency
- ✓ Reduce/avoid delay
  - Easy tracking of planing status all the time
- ✓ Better scheduling
  - Reduce too high/low planning volume
